Example Print Scheme: 1234567835D_987654321		
Default Print Location: Bottom right hand corner, if not specified otherwise		

NextUp by Identiv will manage this unique set of card numbers for the specific user, beginning with the starting badge numbers provided by the customer. The customer is required to provide the assigned account number on all orders.

*Identiv is not responsible for any duplication of card numbers if cards are procured from another manufacturer, or if cards are ordered without the corresponding account number. Identiv is not responsible for replacing cards due to duplication caused by ordering from another manufacturer.*
