

# ICPAM Demo Kit

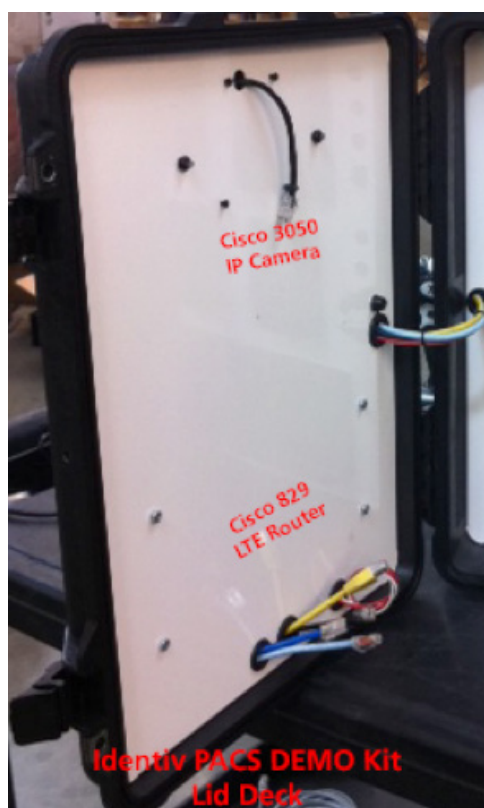

## TSA Quick Reference Guide

Compatible

This card is designed to assist TSA in checking the Identiv Connected Physical Access Manager (ICPAM) Demo Kit during an airport screening process, please keep in the demo kit anytime it is being transported.

The ICPAM Demo Kit is a showcase for Identiv physical access control system (PACS) products including but not limited to:

### Lid:

- Cisco Systems 829 IOT Hardened LTE/Cellular Router
- Cisco Systems 3050 IP Surveillance Camera

### Main Deck:

- EM-100/Edge EVO Power over Ethernet (PoE) Controllers
- EM-100/Edge EVO Exit Reader Modules
- TS Proximity/Smart Card Readers
- TS Mullion Mount Reader
- TS Wall Mount Reader
- TS Keypad Reader
- TS ScramblePad Proximity/Smart Card Reader

Identiv PACS products are used to secure buildings, areas, and elevators, restrict access, ensure compliance, etc.
