

Custom Artwork Order Process

Identiv Provides High-Quality Four-Color Artwork for ISO Card and Clamshell Credentials

Custom Artwork

- The printing method used for custom artwork is offset printing on ISO cards and pad printing on clamshell cards.
- Minimum quantity order is 1,000 credentials.
- Submit artwork to Identiv via email: customerservice@identiv.com
 - File formats must be .eps or .tif.
 - Files created in Adobe Illustrator or Photoshop is highly recommended and must be at least 300 DPI.
 - Color images should be converted from RGB to CMYK, Pantone or PMS.
 - Artwork (including logos, graphic art and text) should all be converted to paths/outlines.
 - Incorporate about 0.1 in (2.54 mm) of overwork for all bleed artwork.
- Artwork set-up fees will apply.
- All custom artwork purchase orders must be submitted with the setup fee as a line item on the PO to Identiv.
- Artwork approval must be signed and returned to Identiv prior to the order being processed.
- After artwork approval, the order will be produced and programmed within the 5 - 6 week lead time window.
- Contact your Identiv sales representative for questions on custom artwork pricing.

Identiv (NASDAQ: INVE) is a global security technology company that establishes trust in the connected world, including premises, information, and everyday items. CIOs, CSOs and product departments rely upon Identiv's trust solutions to reduce risk, achieve compliance, and protect brand identity. Identiv's trust solutions are implemented using standards-driven products and technology, such as digital certificates, strong authentication, mobility, and cloud services.
